

## EFFECTIVE ADVERTISEMENT COMMERCE FOR CARS

### ABOUT US

Prima Line was established in **2010** in Kaunas. Two clearly specialized directions – cargo shipment, assembly and cargo storage – have formed company’s settlement on a competitive market. Over the time, due to responsible and flexible attitude towards our clients as well as high-quality logistics and storage decisions, we managed to become a successfully working logistics company based in Lithuania.

Today we are glad about sustainable growth and strength of the company encouraged by professional behavior of highly qualified team composed of **180** specialists. In order to transfer cargos more effectively, the company disposes Auto Park with more than hundred spaces as well as more than **5.000** square meters area of storages in strategically important Lithuanian cities: Kaunas, Klaipėda and Panevėžys.

### ADVERTISEMENT ON TRANSPORT

Effective advertisement is the main part of successful business. Your advertisement not only has to reflect the main activity of your business but it also has to be spotted easily. The advertisement on a transport is a contemporary way to present your services publicly.

#### WHY THIS WAY IS SO SPECIAL?

Huge traffic is very common in bigger cities, and, as a result, people are spending more time looking around, what lets them to spot your advertisement on automobiles more easily.

Everyday your advertisement will be seen from **10 000** to **30 000** people. Till **80 percent** of those people will be able to memorize it and about 30 percent of those people will be interested and contact You for suggested good or service.
